

Recommended “Until Mastery” and/or “Practice” activities

Note: The “Mastery” or “Practice” activities are good practice at any time but having the time to do so can be a problem. The recommended activities list below is a shorter list that works in conjunction particularly well with the Block Skills. We recommend working these activities with your child daily, or at least every other day, for a week or so as your child’s needs dictate as acquiring the Block Skills.

“Until Mastery” and “Practice” activities are included in the BOX.COM account in separate folders. Many of the activities hands-on printable activities that are best kept in a baggy to practice again & again.

BLOCK ACTIVITIES:

- J 1 Can Name 13/26 UPPER CASE Alphabet Letters
(focus on letters in first and last name plus A-Z needed in order)
- J 2 Matching UC to UC letter focus 13
