

Strategy: Cut out both sets of the alphabet but keep separated. Lay all 26 letters down and have the child pull a letter from a mixed up set deck of the other set to “Find & Name the Letter” (2) hold a handful of cards like a hand of cards, have the child select a card to “Name the Card”. Have an alphabet handy for the child to use as a reference to help name a letter. (3) Play “Toss & Name”, the child tosses a card up in the air from one of the sets and names the letter as it falls or when it lands. Play daily until child can name at least 20 + letters regularly. This is a milestone!! Praise & cookies. Then continue work until naming all 26 is second-hand easy.
