

Can Read 5 or more Sight Words (SW)

Strategy to teach skill: Make flash cards of the 10 studied sight words below.

Practice (1) flashing the cards or (2) hold the cards as a hand of cards and have your child select a card to read. Practice daily also using the strategies of making playdough SW, matching SW, and “I Spy Sight Words”, until the child can easily and without hesitation read at least 5 & then later 10 SW.
