

Practice Letter's Sound with Picture & Word Clues

Goal: knows 20+ letter sounds with picture clue

Practice Letter's Sound daily with child-friendly pictures clues. Many of these pictures can be easily drawn for your child to color, see YouTubes at abcsforliteracy, which helps the child think about the picture & related sound.

1. Practice with the *same* picture clues daily to help your child develop a mental reference of letter sound clues.
2. When learning the letter sounds, it often helps to practice the sounds in *alphabetical sequence* using the *same letter sound picture clues*.
3. Often it helps the child to practice the entire alphabet before being assessed. Practicing "primes" the child to be ready to say the sound. Try assessing in alphabetical order at first if this is how they were practiced- show picture clue & ask child to say the picture's beginning sound.
